#### **Why Saco Student Fairs?**

Saco Student Fairs are Sweden's **largest** fair for the choice of post-secondary education. About one fourth of the country's graduating high school students visit our fairs each year & an even bigger share when only looking at the regions close to the fairs.

Our visitors are **mainly last year highschool students** as well as their study counsellors.

We also have a few younger students visiting as well as individual visitors who already finished highschool and want to take the next step in their career or studies.

# Want to join?
